

## PARTNERS IN EDUCATION

### Annual Sponsorship Program

---

The Foundation at Great Valley offers annual sponsorship opportunities to businesses and corporations who, in return for their support, receive a variety of marketing and promotion benefits. In addition, these business partners become recognized supporters of public education and leaders in the effort to engage all aspects of our community in Great Valley public schools.

The businesses who partner with The Foundation at Great Valley understand the connection between strong schools and strong communities. They recognize that today's students are tomorrow's leaders. And they know that an investment in public schools is a value investment: in our future workforce, in our community, and in the long-term sustainability of our economy.

#### Graduate Sponsor: \$3,000

- Name/Company name on plaque placed in all schools with acknowledgement as a sponsored "Partner in Education."
